Time	Topics	Course summary
8:45am – 9:00am	Registration and guests seated	
9:00am – 10:00am	The basics of an audit	This session will cover off on the basics around who needs to be audited and more importantly why companies / projects need to be audited.
10:00am – 10:30am	Morning tea break	
10:30am – 11:00am	The traditional audit	Have you ever wondered why your auditor has requested certain information? Herbert will discuss the traditional audit approach and touch on how companies and auditors can help each other to deliver valuable insights to their stakeholders.
11:15am – 12:00pm	The future of audit	Technology is driving many changes in how we all live, work and interact and it is critical that the audit profession keeps pace with this change and is proactive in understanding how new technology trends can transform the audit approach. Herbert will discuss how technologies like data analytics, artificial intelligence, block chain and robotic process automation are impacting the auditing environment.

### Background

Herbert leads the PNG Audit Practice and has over 16 years' experience across PNG, Australia and Africa providing audit and advisory services to a variety of clients ranging from large listed multinational organisations to small privates. Herbert has experience across a variety of sectors including financial services and funds management, energy and resources, manufacturing, property construction, development and investment, NGO's, state owned enterprises and government agencies.
